NOTICE

Subject: Release of 10th Edition of the Indian Pharmacopoeia (IP) 2026—reg.

It is a matter of immense pleasure to share that 10th edition of the Indian Pharmacopoeia (IP) 2026 was released by the Hon'ble Minister of Health and Family Welfare and Chemicals and Fertilizers, Sh. J. P. Nadda on January 2, 2026 at Dr. Ambedkar International Centre, New Delhi which is available in both print and IP Online (www.iponline.ipc.gov.in) versions.

2. IPC is making efforts to promote use of IP Online version that provides easy access to IP standards by allowing users to refer to drug monographs seamlessly on their computers and mobile devices. This enhanced accessibility is expected to extend the reach of the IP to a broad audience, ensuring that all stakeholders have easy access to official drug standards of the IP.

3. IPC has taken utmost care while converting the content of the printed IP 2026 copy to digital version of the IP Online. Moreover, features like cross-referencing between the monographs and hyperlinking of the monographs with the listing of IP Reference Substances are also included in the IP Online.

4. However, it is brought to the notice of all concerned that if any discrepancy is observed between the content of the printed IP 2026 copy and digital content of the IP Online, the printed content of the IP 2026 shall be considered as correct and treated as official version of the IP.

In view of the above, all concerned are requested to bring it to the notice of all authorities under their control for the compliance.

(Dr. V. Kalaiselvan)
