

PT-Division of Indian Pharmacopoeia Commission

Indian Pharmacopoeia Commission (IPC), Ghaziabad is a Proficiency Testing Provider (PTP) Accredited laboratory as per ISO/IEC-17043:2010 and till date Indian Pharmacopoeia Commission has completed four PT round 2 each in 2017 and 2018. Indian Pharmacopoeia Commission has initiated its first international PT round in April for the calendar year 2019.

Benefits of Proficiency Testing

- By joining with this program the participating laboratory will fulfill the requirement of ISO/IEC 17025:2017 for assuring the quality of test results.
- The laboratories can utilize their result to highlight their performance as individual to their customers. Laboratories may also submit these results to accreditation body.
- Evaluation of performance of Laboratory on the basis of these results

The schedule of PT participation 2019 is available at the below link:
